

## TUCSON, IN DARKNESS, GOES TO SHOP

PROPOSES RAIL  
AGE DECISION  
BEFORE JULY 20

Chairman of Labor Board  
Says Ruling to Be Made  
Known Soon—Award to  
Be Retroactive to May 1—  
Declaration Ends Danger  
Of Strike

[Republican A. P. Leased Wire]  
CHICAGO, June 25.—A decision on the demands of railroad employees for wage increases will be made on or before July 20 by the railway labor board, Judge R. M. Burton, chairman, said in a statement late today. The award would be retroactive to May 1, the statement said.

According to W. G. Lee, president of the Brotherhood of Railway Trainmen and spokesman for union leaders who gathered here today, the board's declaration would end all danger of a general railroad strike.

Mr. Lee said that secret plans had been made by a disaffected union element to spread the strike throughout the country because of the continued delay in announcing the wage ruling.

"The men would have quit at midnight tomorrow night," Mr. Lee said. "It was impossible to hold them longer. Men of my organization have been waiting patiently for nearly a year."

The railway board's statement declared that an agreement of a method of working out the wage problems had been arrived at and that no time would be lost in reaching a conclusion.

Say Men Will Be Satisfied  
Lee and other representatives of the recognized railroad brotherhoods who met here today to discuss the railway situation, said there was no doubt the men would be satisfied with the promise of a decision to relieve their impatience.

"Was the decision the result of a warning of a probable strike brought by you and your associates to the board?" Lee was asked.

"You can draw your own conclusions as to that," Lee answered.

In a later statement Mr. Lee declared that "even the most conservative members of these organizations lately have been bitterly complaining of the delay and insisting upon a decision."

"Now that it has been definitely decided that the award will be handed down not later than July 20," the statement continues, "we urge our members to continue to carry out their obligations to their organizations and the contract relations with the employees as the most effective means of helping the situation."

General chairman of the 15 recognized organizations will meet in Chicago July 19 to consider and pass upon the awards by the board, it was announced.

Seek To Prevent Strike  
"We came here to prevent a strike and at the same time to obtain full satisfaction for the men," said Timothy Shea, president of the Brotherhood of Locomotive Firemen, in commenting on the board's announcement.

"We have held our men back for three months, ever since the outlaw strikes began. We have lost 60,000 men by revoking charters of unions which called for strikes. We could not hold the others another week, if the board had not promised us to announce its decision in the immediate future."

Resolutions reiterating statements of the Chicago Yardmen's association that its members, who were the first to start the "vacation walkouts," would not return to work until their civil service rights were restored, were adopted at a mass meeting called by the association tonight for the announced purpose of "presenting their side of the case to the public."

The resolutions appeal to the press and various civic and commercial organizations to urge the interstate commerce commission to restore their service.

Gen. Pascual Ortiz Rubio has been given leave of absence from his post of minister of education, and public works to resume the governorship of the state of Michoacan during the local elections, to be held July 4, 5, 6 and 7.

Some of the letters bore tales of the loss of lifetime earnings through the investments. One woman said she had managed to save \$500 which she invested and lost and now was obliged to take in washing to support two small children. An aged couple wrote that they would be thrown on charity unless they could recover \$1,800 with which they had purchased supposedly bona fide stock.

CLAIM LIFETIME SAVINGS LOST IN FRAUDULENT OIL  
NEW YORK, June 25.—Hundreds of letters from investors in oil stocks who asserted they had been the victims of fraud were received today at the office of the United States district attorney. The flood of correspondence followed the filing yesterday of five indictments by a federal grand jury against four oil companies, 10 brokerage concerns and 50 individuals, charging fraudulent use of the mails in selling oil stocks.

Some of the letters bore tales of the loss of lifetime earnings through the investments. One woman said she had managed to save \$500 which she invested and lost and now was obliged to take in washing to support two small children. An aged couple wrote that they would be thrown on charity unless they could recover \$1,800 with which they had purchased supposedly bona fide stock.

Bandits Make  
Rich Hall At  
St. Paul Bank

[Republican A. P. Leased Wire]  
ST. PAUL, June 25.—Between \$50,000 and \$100,000 worth of Liberty bonds and \$5,186 in cash was the loot obtained by five bandits, who late today held up the Great Northern State bank here, bank officials said tonight.

Victor Hedman, cashier, was slightly wounded when he stepped out of the vault while the robbery was in progress and one of the bandits fired at him. The bullet grazed his chest, just over the heart.

DRAMATIC SCENES  
COME FROM EFFORT  
TO IDENTIFY CHILD

[Republican A. P. Leased Wire]  
SCRANTON, June 25.—Belief of local detectives that they had located Blakeley, the 13-month-old son of Mr. and Mrs. George H. Coughlin, who was kidnapped from the family home at Norristown on June 2, was shattered tonight when, after two hours crowded with dramatic scenes, the mother of the missing baby admitted that a child found by the police with a couple living at a central city hotel was not her baby.

The baby is the son of Mr. and Mrs. J. H. Williams of this city. The scene in the hotel where Mrs. Williams and her baby were domiciled, while Mrs. Coughlin was attempting to see the child, was dramatic in the extreme. Mrs. Williams had been estranged from her husband, according to her story, and refused to open the door of her room or allow the other woman to see the baby, fearing she said, that it was a scheme on the part of relatives of her husband to secure possession of it.

During the long parley between the women, Mrs. Williams grew hysterical and declared she would kill herself if they forced their way into the room, begging them to wait until her husband could get there.

It was nearly midnight when Williams put in an appearance. As he entered the hotel corridor, an attorney was on his knees in front of the door of his wife's room, trying to get through the keyhole. Before the detectives could stop him, Williams struck the lawyer, knocking him unconscious.

Williams then ordered the hotel authorities to open the door and, against the wife's protests, secured a photograph of the baby in its mother's arms, which was shown to Mrs. Coughlin and her attorney. Both said that it was not the Coughlin child.

VIRGINIA DELEGATES  
LIE IN SUPPORT BASIS

[Republican A. P. Leased Wire]  
SAN FRANCISCO, June 25.—The West Virginia delegation arrived here tonight and went aggressively to work for the nomination of its favorite son, John W. Davis, the American ambassador to Great Britain. His strength, they declared, would become apparent in the coming week, as the delegates of the party in the state of Virginia declared that none of the leaders could be nominated.

Governor John J. Cornwell, who will make the nominating speech, issued this statement:

"Davis would be an ideal candidate for many reasons. He is one of the most forceful speakers and debaters in America. His great ability is universally admitted. His character is not and would not be questioned. There are no antagonisms, no objections could be urged except that he is a Democrat. The public is in no mood to vote for or elect any man merely because he is a candidate of any certain political party. This is not a party election. A man to win election must face the rising and not the setting sun. He must stand not only for the right, but be able to make the people understand him. Davis would be able to do that."

Stockholders Ask  
Accounting From  
Company Officers

[Republican A. P. Leased Wire]  
CHICAGO, June 25.—A bill for an accounting was filed in circuit court today by W. C. Matthias and 15 other stockholders and creditors of the bankrupt Daniel Hayes company, a land stock organization. The bill declared the defendants, Daniel Hayes, Jr., C. J. Sellman, C. S. Gross, Walter S. Bond, directors of the company, and others solicited the plaintiffs by means of "false, misleading and deceitful representations as to their business." The plaintiffs said they purchased the stock for which they paid approximately \$19,000.

According to the bill, the concern represented that it owned 20,000 acres of land at Joazeiro Valley, Cal. About 7,000 acres of land were sold the bill stated, to which "the company did not even have a colorable title." The company was organized in 1915 under the laws of Idaho.

CUP CHALLENGER  
SHOWS FAIR FORM

SANDY HOOK, N. J., June 25.—Sir Thomas Lipton's Shamrock IV, challenger for the America's cup, defeated his 23-meter Shamrock in a 2.4 mile tuning up contest off here today by 12 minutes and 31 seconds actual time. The challenger covered the course in a northeast breeze of nearly ten knots in 3 hours 18 minutes and 37 seconds. The Shamrock IV, is still far from approaching true racing form, insofar as her sails are concerned. Nevertheless her work today gave the impression that she will be a dangerous rival to the American cup defender in light weather.

FOLLOWERS OF  
ADMINISTRATION  
HOLD WHIP HAND

Friends of President in Full  
Control as Convention  
Draws Near—Bryan and  
Administration Critics  
Losing Grip

[Republican A. P. Leased Wire]  
SAN FRANCISCO, June 25.—So far as surface indications were concerned, at least, the friends of President Wilson and his administration appeared in complete control of the political machinery of the Democratic party today as the actual preliminaries of the national convention began.

An examination of the temporary roll shows there will be 308 women delegates and laterates in the Democratic national convention. They will be divided as follows:

At large, 41; alternates at large, 39; district delegates, 63; district alternates, 165.

The ascendancy of the Wilson supporters showed itself in striking fashion in the program of the national committee, meeting to decide between contesting delegates. Many committee members expressed the opinion when a recess was taken until tomorrow without the Georgia contest or the Missouri case having been reached, that the ruling to be made in those cases would be shaped to keep out of the convention Senator Reed of Missouri and former Senator Hardwick of Georgia, two of the bitterest critics of the Wilson policy.

Another development pointing in the same direction was the apparent collapse of a fight against Senator Glass of Virginia in his candidacy for chairman of the resolutions committee, a post for which he is commonly reported to have been selected by the president himself.

Bryan Losing Grip  
In addition, there was accumulating evidence that William Jennings Bryan would find the cards against him in his attempt to put into the platform a league of nations plank in disagreement with the president's views and a prohibition enforcement plank framed without the acquiescence of the administration.

With regard to prohibition, however, the situation remained in a state of considerable uncertainty, with the trend apparently toward exclusion of the subject from the platform entirely. Those who want a liberalization plank continued an active campaign and some members of the New York delegation declared they would carry their fight to the floor of the convention, but a feeling gained headway that in the end both Mr. Bryan's bone dry declaration and that of the anti-bone dry would be voted down.

Just where President Wilson stands on that subject has not been made clear, but increasing significance was attached to the fact that he had not made any reference to prohibition in the Virginia Democratic platform, unqualifiedly endorsed by the White House.

Neither has the administration tipped its hand in regard to presidential candidates and tonight the relative standing of aspirants remains apparently unchanged. Attorney General Palmer arrived during the day to take personal charge of his campaign and by tomorrow the gunning of candidates and their managers among the unintrusive delegates is expected to be at its height.

Walsh May Be Chairman  
Those who originally had suggested a fight against Senator Glass for the presidency, however, are now apparently having turned their efforts to night toward selection of Senator Walsh of Montana as permanent chairman.

(Continued on page 2)

WESTERN PROBLEMS  
WILL BE DISCUSSED  
AT SESSION TONIGHT

[Republican A. P. Leased Wire]  
SAN FRANCISCO, June 25.—Plans for a banquet to be given tomorrow night by the California delegation to delegates attending the Democratic national convention at San Francisco, of western states and territories were laid at a meeting of the California delegation today.

Problems peculiar to the west are to be discussed and an effort will be made to obtain unity of action upon them.

Isidore B. Dockweiler was re-elected national committeeman from California.

WOMEN OPPOSE MENTION OF DRY  
ISSUE IN DEMOCRATIC PLATFORM

[Republican A. P. Leased Wire]  
SAN FRANCISCO, June 25.—The women members of the executive committee of the Democratic national convention today decided to recommend that no reference be made to the prohibition question in the platform to be adopted by the convention.

It was also agreed to recommend that President Wilson's stand on the peace treaty and the league of nations be approved, and that the Democratic party in the department of labor, we also urge the appointment of women on government boards and tribunals dealing with industry and labor.

ONLY 336 OF 1092  
S. F. DELEGATES  
ARE INSTRUCTED

SAN FRANCISCO, June 25.—A memorandum distributed among the members of the national committee at their meeting today shows 756 of the 1092 delegates to the convention are uninstructed. According to the card, the instructed delegates are: Iowa, 28 for Meredith; Kentucky, 26 for Cox; Nebraska, 16 for Hitchcock; New Jersey, 23 for Edwards; North Carolina, 24 for Simmons; Ohio, 48 for Cox; Oklahoma, 20 for Owen; Oregon, 10 for McAdoo; Pennsylvania, 76 for Palmer; South Dakota, 10 for Gerard; Virginia, 24 for Glass. The 28 votes from Georgia are contested.

An examination of the temporary roll shows there will be 308 women delegates and laterates in the Democratic national convention. They will be divided as follows:

At large, 41; alternates at large, 39; district delegates, 63; district alternates, 165.

HARDING TALKS  
POLITICS WITH  
G. O. P. LEADERS

WASHINGTON, June 25.—Conferences with Republican leaders were continued today by Senator Harding, the candidate of the Republican party for president, with William Boyce Thompson, chairman of the ways and means committee of the Republican national committee, and Theodore Roosevelt, one of the former president's conferees. Each of the conferences lasted about an hour and were in accord with the plan of the nominee to summon prominent Republicans for the purpose of ascertaining their views relative to the campaign.

The meeting between the nominee and Mr. Thompson related largely to campaign finances, and Mr. Thompson announced after the conference that on Mr. Harding's recommendation the policy inaugurated several years ago of limiting campaign contributions to \$10,000 would be followed this year.

"Through my department," said Mr. Thompson, "there has been no contribution to the Republican national organization in excess of \$10,000, and we mean to go on with that limitation. Senator Harding wants the financial side of the campaign in harmony with the policy of his own still running campaign. The senator spent the least of any of the candidates in the pre-convention period and takes special pride in having it known that the major portion of his campaign fund came through small contributions from neighbors and friends in his home town."

Teddy's Jr. Indorses Harding  
Mr. Roosevelt came at the senator's invitation and after the conference issued a statement indorsing Senator Harding and declaring him to be a standard bearer who would "represent and unite the entire party." He said his talk with Senator Harding had been "most satisfactory."

Interest was expressed in political circles here in the announcement from Boston today of the conference next Wednesday between Senator Harding and Governor Coolidge of Massachusetts, the Republican vice-presidential nominee. The two are not strangers, having met several months ago when Mr. Harding was campaigning in Massachusetts.

Arrangements for the meeting of the two nominees were made by National Chairman Hays at Senator Harding's suggestion. In exchange of views on the campaign would be profitable. The speeches to be made by each of the candidates in accepting their respective nominations probably would be discussed also.

While plans for the conference have not been completed, it is understood it will be held at the senator's office at the Capitol.

In addition to his conferences today, Mr. Harding played a round of golf with Senator Hitchcock of Nebraska, and a candidate for the Democratic presidential nomination, Senator Hale of Maine and Senator Elkins of West Virginia.

Mr. Harding promises to be a quiet day for the senator. No important engagements had been arranged to-night.

NAMED MILITARY GOVERNOR  
MEXICO CITY, June 25.—General Enriquez Estrada has been named military governor of the state of Jalisco, Jalisco, Aguascalientes and Zacatecas.

21 Injured When  
Stand Collapses

BUFFALO, N. Y., June 25.—Twenty-one delegates attending the Northern Baptist convention here were injured today in the collapse of a wooden structure upon which more than 500 persons were standing to have a group photograph taken. The lower tier of the stand was only a foot above ground, but the back tier fell five feet when the underpinning gave way. None of the injuries are considered serious.

The accident occurred while the 4200 delegates were leaving the auditorium after a morning session.

DEMOCRATS TO  
ACT TODAY ON  
TWO CONTESTS

Committee Postpones Action  
On Missouri and Georgia  
Contests—Temporary Of-  
ficers Named and Prelim-  
inaries Attended to

[Republican A. P. Leased Wire]  
AUDITORIUM, SAN FRANCISCO, June 25.—The Democratic national committee today decided to postpone consideration of the Georgia and Missouri contests until tomorrow morning after clearing away all the preliminaries for the opening of the national convention next Monday. It was the plan of some of the leaders to have the contests heard by sub-committees. Sentiment, however, was strong for consideration by the full committee. A roll was demanded on the question. The vote was 26 to 20 to have the full committee hear the case. The vote, by states, was as follows:

How the States Voted  
Yea—Alabama, Arizona, California, Colorado, Connecticut, Idaho, Illinois, Indiana, Iowa, Kentucky, Maryland, Mississippi, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oklahoma, South Dakota, Vermont, West Virginia, Wisconsin, Alaska, District of Columbia, Hawaii, Porto Rico.

Nays—Delaware, Florida, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nevada, New Mexico, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, Wyoming—20.

The Georgia contest involves 23 votes, while in Missouri the question is whether Senator James A. Reed, opponent of the national administration on the league of nations, should be seated in the face of his rejection by the Missouri state convention. Reed was re-elected by the Fifth Missouri district after his rejection by the state convention, but it is claimed the action was illegal.

The committee decided to seat R. R. Turner as a delegate-at-large from Oregon, who had been named by the state committee to fill a vacancy caused by death.

An important action by the committee was the unanimous adoption of a resolution recommending that each state and territory be represented in the national committee by one man and one woman.

The committee also decided to give the Panama canal zone representation in the convention.

Name Temporary Officers  
The committee unanimously adopted. Minutes on the death of Roger Sullivan, Illinois; John T. McGraw, West Virginia, and William J. Stone, Missouri, were adopted by a rising vote.

The convention approved the executive committee's report of temporary officers of the convention, recommended to the committee. Cummings be the temporary chairman of the committee.

A pleasant incident of the meeting was the presentation of a gold badge to John L. Martin of Missouri, honorary sergeant-at-arms of the national committee.

There was a buzz through the committee room when Francis M. Wilson, United States district attorney for the western district of Missouri, presented the certified action of the "Democratic National Committee" in electing Senator James A. Reed a delegate to the convention. He asked an opportunity to present the facts to the committee, which was informed in order to be heard at the proper time. It is understood the seating of Senator Reed will be considered by a sub-committee.

On a suggestion of National Committeeman L. B. Dockweiler, California, the convention will be asked when it adjourns on Monday that it be until 10 o'clock Tuesday afternoon in order to hear the visiting delegates to take a steamer excursion Tuesday morning.

Provide Place for Women  
The committee adopted, without discussion, a resolution to be submitted to the national convention providing that hereafter each state and territory be represented in the national committee by one man and one woman to be selected according to state laws or party rules where no state law covers the election of national committeemen. The resolution also provided that the next four years be selected by the state delegation to the present convention if the resolution is adopted.

On the suggestion of National Committeeman L. B. Dockweiler, California, the convention will be asked when it adjourns on Monday that it be until 10 o'clock Tuesday afternoon in order to hear the visiting delegates to take a steamer excursion Tuesday morning.

At the request today over the body of a former soldier, who was killed while crossing a street, the coroner said he regarded all such cases as nothing less than wilful murder.

DECLARE AGAINST PROHIBITION  
SCARBOROUGH, England, June 25.—The Labor party conference here declared today, by card vote of 294,000 to 225,000, to affiliate with the Moscow international. The conference, by overwhelming majority, rejected prohibition resolutions but favored local options.

At Age Of 60,  
Becomes Daddy  
For 35th Time

[Republican A. P. Leased Wire]  
EL CENTRO, Cal., June 25.—Frank Valle, 60 years old, a native of Mexico, became a father for the thirty-fifth time today when his second wife, whom he married in 1900, gave birth to her seventeenth child, an 11-pound boy. Sixteen of Valle's children are living.

LEAGUE OF NATIONS  
A FAILURE ASSERTS  
PREMIER OF AFRICA

[Republican A. P. Leased Wire]  
CAPE TOWN, June 25.—"In the first day of its operation the league of nations has not responded to the great hopes entertained for it," declared Jan Christian Smuts, premier of the Union of South Africa, in the course of an assembly debate on the league. "But," he continued, "rather than rejoice, even its failure everyone should bend their energies to make it an instrument of reality and power in the affairs of the world."

Several things militated against the league, the premier added, notably the refusal of the United States to become a member, "for it is beyond doubt that the league depended largely on America for its initial strength and success."

"America could have brought to the league the influences and resources absolutely necessary to make it a leader of the world," said Premier Smuts. "I hope the time will come when the United States will appreciate the position it occupies. But pending this, it is better to suspend judgment."

"The supreme council has pushed the league into the background, but it is hoped both bodies will soon be united. The present international situation finds England and France alone trying to right a hopeless situation. There is grave danger of further alliances unless the world power is united. The present international situation finds England and France alone trying to right a hopeless situation. There is grave danger of further alliances unless the world power is united. The present international situation finds England and France alone trying to right a hopeless situation. There is grave danger of further alliances unless the world power is united."

'HUN' DISARMAMENT  
SUBJECT OF 3 NOTES

[Republican A. P. Leased Wire]  
BERLIN, June 25.—Three notes dealing principally with the question of German disarmament have been received by the German government from the League of Nations. The first outlines many infringements of the military clauses of the peace treaty saying the German army of 100,000 men still stands in security police, this note adds, must be disbanded within three months, but permission is given for the disciplinary force to be increased to 15,000. Demand is made that the German constitution be made to conform with these military stipulations so that conscription may be abolished by law. In conclusion the note asks that legal measures be taken against the export of war materials.

Details of the substitution of 150,000 disciplinary police for the security police are supplied in the second note. In view of the incomplete delivery of aeronautical material, the third note says, the construction of such material which was resumed in Germany on July 10, may not be resumed until three months after the surrender to the allies of the aeronautical material called for is completely carried out.

CALEXICO IS MADE  
PORT OF ENTRY FOR  
CHINESE MERCHANTS

WASHINGTON, June 25.—Callexico, Cal., is made a port of entry and exit from Mexico for Chinese holding American citizenship under a ruling today by the department of labor in the case of Shun Chuk Poy, also known as San Poy, of San Francisco.

Chinese merchants, largely with view to the department through Commissioner General of Immigration Caminetti that commerce between the United States and Mexico is being largely cut off by the restriction of entrance and exit was necessary and would result in international trade amounting to millions of dollars. Other such cases are San Francisco, San Diego and Boston—it was held, were not conveniently located for border trade.

Situation Improves  
At Londonderry As  
Business Resumes

LONDONDERRY, June 25.—The situation in Londonderry following the week of civil warfare, showed further improvement today when business again started up. A peace conference is now in session, largely with view to getting refugees back to their homes. It is being attended by the Protestant and Catholic bishops, the magistrates and the British and Irish army.

General Carter Campbell, commander of the government troops, today reiterated his guarantee to protect all the laboring people from the ships and factories, thus insuring a resumption of work in these plants. Colonel Chaplin of the Scottish rifles is in charge of the troops in the city.

At the request today over the body of a former soldier, who was killed while crossing a street, the coroner said he regarded all such cases as nothing less than wilful murder.

STRIKE LEAVES  
CITY WITHOUT  
LIGHTS, WATER

City Without Fire Protection  
When Power House  
Workers Quit—Business  
And Professional Men  
Meet and Declare for an  
Open Shop; Form Association

(Special to The Republican).  
TUCSON, Ariz., June 25.—Stumbling in darkness to-night, street cars at a halt, water works idle, hospitals without sanitary essentials, the city at the mercy of fire should it break out, Tucson experienced the domination of the closed shop, and in that experience there was born a determination for civic and industrial freedom.

By the light of candles and determined that never again shall the city be placed in such a dangerous and humiliating position, Tucson business and professional men of every class and character met and formed the Tucson Open Shop association. The city joined hands with Phoenix and Los Angeles in the battle for industrial freedom.

Strike Act of Retaliation  
In retaliation, it was stated, for the failure to secure a closed shop contract with the Tucson Gas, Electric and Power company, six men of the electrical department of that public utility walked out yesterday. Engineers of the same company joined in a sympathetic strike, and the city was at their mercy.

After being entirely without light, water service or power for several hours last evening, and after the citizens had formed the open shop association, an engineer at the utility plant, declaring that he would stand idly by and see people die, returned to work and lights were secured for the streets and the hospitals.

The water works plant was still out of commission. At the ordinary rate of consumption, the available water supply would be exhausted in three hours, it was stated. However, nothing further was expected to materialize until morning when sufficient engineers will be secured to maintain an ample water supply for the city, it is expected.

105,000,000 IS  
U. S. POPULATION  
SAYS ESTIMATE

[Republican A. P. Leased Wire]  
WASHINGTON, June 25.—The population of continental United States is estimated at 105,000,000 by J. A. Hill, chief statistician of the census bureau. The calculation is based on combined population of 1406 cities and towns for which statistics have been announced.

The increase over 1919 is placed at about 13,000,000, showing the growth of the country has not kept pace with previous decades. Almost complete cessation of immigration during the war is the chief reason assigned for the falling off in growth. Other suggestions were the two influenza epidemics, return of aliens to their native lands and deaths of soldiers abroad and at home during the war.

The aggregate population of the cities and towns on which the estimate is made is 41,029,354. This is an average gain of 26 per cent, compared with 35 per cent in the previous decade.

BRYAN CONFIDENT  
OF A "DRY" PLANK  
IN THE PLATFORM

SAN FRANCISCO, June 25.—"I expect to see a dry plank in the Democratic platform," said William J. Bryan on his arrival here tonight. "I have no thought that a wet plank can be put into it."

He refused to comment on the report that there was widespread sentiment in favor of bearing prohibition entirely. He added that he cared to make no statement on the league of nations covenant nor as to the candidacy of any individual.

He refused to comment on the report that there was widespread sentiment in favor of bearing prohibition entirely. He added that he cared to make no statement on the league of nations covenant nor as to the candidacy of any individual.
